# Bridges

## [Mad Caddies](#)

how can you tell me this land free
two party system hypocrisy
trust in them with our lives
they're still the ones
who decide your fate
your destination
who's in control of our lives
burn your bridges to the ground
forget all the freedom that you've found
i can see them from miles away
but i don't hear what they say do youall those suits on capitol hill
they're on my mind
they're making me ill
important thing is what they're doing
i don't really care
i don't really give a fuck who they're screwin'
do you blieve in your freedom
stand up for your rights
do what you choose
burn your bridges to the ground
forget all the freedom that you've found
i can see them from miles away
but i don't hear what they say
do you
