

# Future Unemployment

Ryan Lindsey

Take this: I'm really not so qualified

Its ?

Seeking out your soul,

Its up to you.

This Fall it's really not so bad at all

It's logical.

The uniform of choice

Is up to me.

And I'll be alone

Everybody, I will be alone today.

And I'll be alone

Everybody, I will be alone today.

Ha, ha, ha, I can take my clothes off

(clothes off)

It's a ?

It's up to me

And I'll be alone now

Anyone can change

Anyone can cha-a-ange.

After this,

I have been against the law.

It's logical.

I'm taking this all down.

It's my ideas.

And I'll be alone

Everybody, I will be alone today.

And I'll be alone

Everybody, I will be alone today.

Ha, ha, ha, I can take my clothes off

(clothes off) x6
