

# Doo Wop That Thing (DatPiff Exclusive)

## Angel Haze

Girls you know you better watch out  
Some guys, some guys are only about  
That thing, that thing, that thing  
That thing, that thing, that thing It's been like a week since you've been looking for your friend  
The one you let inside like a kitten in the rain  
Remember when he told you he was 'bout them other things  
Like blunts, like cunts, lean, and promethazine  
But girl you acted like it really wasn't a thing  
Didn't get the picture like you really out of frame  
Remember when he told you he was 'bout them other things  
That you were a fool for expecting him to change  
But girl I guess you gotta live until you know  
You should never love a man that will treat you like a hoe  
Never love a man that'll fuckin' let you go  
Never love a man more concerned with his dough  
Or his bros, or his hoes, or his snow, or his blow  
Never love a man that get you high and leave you low  
If he cannot comprehend it, in the garbage he should go  
Fuck her in her thighs, you, you're in your glow  
Baby girl respect is so definitive  
If he can't give it then it ain't no givin' in  
I ain't tryin' to preach, since we all still come to sin  
But don't be a hard rock when you really are a gem  
Don't be a hard rock when you really are a gem  
Don't be treated like a 5 when you really are a 10  
Don't be fooled by the misconceptions  
If he can't treat you right then tell him come again, like  
Come again, come again, come again Guys you know you better watch out  
Some girls, some girls are only about  
That thing, that thing, that thing  
That thing, that thing, that thing Look, the second verse is dedicated to the men  
More concerned with his rims and his friends, and the trends  
More concerned with respect in the streets and the text  
See the world in black and white like an NBA ref yo  
Really should confess, that life ain't what it seems  
Be less concerned with the trends, and more concerned with your dreams  
See the world aint as distorted and as morphed as it seems  
Don't be a hard rock when you really are a king,  
King, can't you see it's really all a scheme

All designed to deter you from those bigger better things  
More concerned with your clothes and the whores and jordans  
That the world has made it seem that morals just ain't important

Boy, I guess you gotta live until you know  
That the boy is not a man till he lives and he knows that

Women are the queens that require real men  
But how you gonna win when you ain't right within  
How you gonna win when you ain't right within  
How you gonna win when you ain't right within

Yo nigga, come again Watch out, watch out

Look out, look out

Watch out, watch out

Look out, look out

Watch out, watch out

Look out, look out Girls you know you better watch out

Some guys, some guys are only about

That thing, that thing, that thing

That thing, that thing, that thing Guys you know you better watch out

Some girls, some girls are only about

That thing, that thing, that thing

That thing, that thing, that thing
