Hot Hot Heat

Advisory - the following lyrics contain explicit language:

Regular exposure to insecticide has caused me to break out in hives.
I'm losing weight. I cannot wait till Saturday...
cuz on Saturday, my tax deductions make me function like a blue collar...
white collar...? ...I don't know -so I gotta hollar
"Oh! Oh Goddamnit! I think I've lost it!
Oh God! Goddamnit, I think I've lost you!
Anti-oxidants have got me causing accidents
because my wine is spiked with pomegranite.
If you've got just one, then slam it.
"Oh! Oh Goddamnit! I think I've lost it!
Oh God! Goddamnit, I think I've lost you!
Shot down -it's just such a shame.
I bet you feel no pain. Mercy!
Expect a rivalry.
Shot down -it's just such a shame.
I'm losing at this game. No fair!
Why don't you seem to care.
Lack of consequence has got me making decisions
based upon truth or dare decision making.
No faking.
I end up taking karate.
She's naughty... I call shotty!
My body will never live up to these expectations...
I still make invitations.
Oh! Oh Goddamnit.
I think I've lost it
Oh! god Goddamnit.
I think I've lost it
Oh! god Goddamnit.
Shot down -it's just such a shame.
I bet you feel no pain. Mercy!
Expect a rivalry.

Shot down -it's just such a shame.
I'm losing at this game. No fair!
Why don't you seem to care.
Oh! Oh Goddamnit.
I think I've lost it
and i think that iv lost you
shot down shot down its just such a shame
I bet that you feel no more pain
shot down show down its just such a shame
to think im loosing this game
shot down shot down its just such a shame
I bet that you feel no more pain
shot down show down its just such a shame
to think im loosing this game
