I'm Lost Without You

Colin James

You've been gone so long
So I wrote this song
Oh so you can hear me
'Cause it's been so long
Since you were near meWhat you want me to do?
I'm lost without youWhat did I do wrong
Oh, to cause you to leave me?
And since you've been gone
Done nothing but grievingWhat you want me to do?
I'm lost without youI don't care what you've been doing
Just come back home
Darling, you're leaving my life to ruin
I'm so all aloneWell, I cried all night
Oh, just thinkin' about you
Well, you know it ain't right
I can't live without youWhat did I do wrong?
I'm lost without youI don't care what you been doing
Just come back home
Darling, your leaving my life to ruin
I'm so all aloneWell, I cried all night
Just thinkin' about you
Well, you know it ain't right
I can't live without youWhat did I do wrong?
I'm lost without you
I'm lost without you
I'm lost without you
I'm lost without you
