

Little Remedy

Sandi Thom

Some things are meant to be the way they're gonna be
'Cos you can't stop time or change history
Sometimes all you saw were the things you wanted to see
If you were lookin' for the answer, you would have to go to me 'Cos now you've only got a moment, boy
To get it right, to get it right, to get it right, to get it right 'Cos if you really wanted me you'd show me how
'Cos I'm your little remedy if you take me now
'Cos if you really wanted me you'd show me how
'Cos I'm your little remedy if you take me now Some things in this life, they just pass you by
But they're gone forever in the blink of an eye
This time you gotta do what you always had to do
So open up your heart and show me that you're true 'Cos now you've only got a moment, boy
To get it right, to get it right, to get it right, to get it right 'Cos if you really wanted me you'd show me how
'Cos I'm your little remedy if you take me now
Oh, if you really wanted me you'd show me how
'Cos I'm your little remedy if you take me now Just now the minutes keep ticking past
And if you think that our love's gonna last, yeah
Now you've only got a moment, boy
To get it right, to get it right, to get it right, to get it right 'Cos if you really wanted me you'd show me how
'Cos I'm your little remedy if you take me now
Oh, if you really wanted me you'd show me how
'Cos I'm your little remedy if you take me now Oh, if you really wanted me you'd show me how
'Cos I'm your little remedy if you take me now
Oh, if you really wanted me you'd show me how
'Cos I'm your little remedy if you take me now If you take me now
If you take me now
If you take me now
So take me now
