

Midway

Sabaton•²

Send them over the waves our sentinels
They report in the news
Position of our foes This battlefield's been chosen tactically in advance
Time to alert our fighters
We're soon in range Midway
We'll meet at midway, Naval war Calling all men to deck, got to be airborne
Head out into the sun
Descending on our foes This is a crucial moment in the heat of the war
To fly and hit our targets
Down in the waves Midway (Display their mind, ordering carriers, admirals at war)
We'll meet at midway (To win the fight, tactics are crucial) Naval war
Far from shore, a Pacific war
Bombs are falling from the skies
It's a bomb-run day, it's the naval way
A blood-red sun is on the rise Far from shore, a Pacific war
Bombs are falling from the skies
It's a bomb-run day, it's the naval way
A blood-red sun is on the rise Midway (Display their mind, ordering carriers, admirals at war)
We'll meet at midway (To win the fight, tactics are crucial) Naval war
Midway (Display their mind, ordering carriers, admirals at war)
We'll meet at midway (To win the fight, tactics are crucial) Naval war
Midway
