

# U Say I Say (Featuring Gunnz)

Ashanti

You say  
I say  
You say  
I say You say  
I say  
But now you're out there playin' games  
I know that you will never change You say that you love me  
But you still be wylin' out  
All of this yellin', all of this fussin'  
Over just nothin', in my house I pray to my Savior  
And hope He will just help me out  
'Cause all this confusion got me just bluesin'  
I know what I should be doin' now, yeah, yeah I can't lie, I (Don't want to waste no more time)  
I can't see why (You never try to do me right)  
I can't lie, I (Don't want to waste no more time)  
I can't see why (You never try to do me right) You say (That you love me)  
I say (That I love you)  
You say (We don't ever have to fight)  
I say (I don't ever want to cry) You say (You will never play the field)  
I say (I will always keep it real)  
But now you're out there playin' games  
I know that you will never change I try to be patient  
To see if you could figure out  
With all of your lyin', all your denyin'  
I cannot keep you around You know that I love you  
It's gonna hurt me to see you leave  
I can't go through bein' misused  
'Cause you know that that ain't me, yeah I can't lie, I (Don't want to waste no more time)  
I can't see why (You never try to do me right)  
I can't lie, I (Don't want to waste no more time)  
I can't see why (You never try to do me right) You say (That you love me)  
I say (That I love you)  
You say (We don't ever have to fight)  
I say (I don't ever want to cry) You say (You will never play the field)  
I say (I will always keep it real)  
But now you're out there playin' games  
I know that you will never change Cool with whatever 'cause it's been so long  
All this nonsense you're doin' only made me strong  
But if we stay together there's got to be some change

I don't even want to hear another call your nameCool with whatever 'cause it's been so long  
All this nonsense you're doin' only made me strong  
I don't think we'll be together 'cause you'll never change  
Already stuck inside your ways, you'll always be the sameYou say (You really love me)  
I say (I really love you)  
You say (We don't ever have to fight)  
I say (I don't ever want to cry)You say (You will never play the field)  
I say (That I will always keep it real)  
But now you're out there playin' games  
I know that you will never changeUh-uh, yeah
