

# Close To Nowhere

## Band of Skulls

Though I long to,  
Though I try to,  
Figure it out I'm told,  
There's no way of knowing.  
Still I long to,  
Long to know.Hold on through it,  
Pray I'll fool it,  
Loosing it all I'm told,  
At the rate I'm going.  
Never learning,  
Never close.I will prove it,  
Hold on to it,  
Give it my heart and soul,  
With the chance I'll loose it.  
When I find you,  
I will know.Next to nothing,  
Far from over,  
Close to nowhere.
