You Can All Join In

Kenny Loggins

Here's a little song you can all join in with
It's very simple and I hope it's new, yeah
Make your own words up if you want to
Any old words that you think will do, well yeah
I'm telling you truly, yeah
Yellow blue, what'll I do?
Maybe I'll just sit here thinking
Black white, stop the fight
Does one of these colors ever bother you? Yeah
Here's a little dance you can all join in with
It's very simple and I hope it's new
Make your own steps up if you want to
Any old steps that you think will do, yeah yeah
Welcome
Left right, don't get uptight
Keep in line and you'll be alright
Clap hands move around
And make sure no one puts you down, yeah
Right down to the ground
You got to get up, yeah
Here's a little world you can all join in with
It's very simple and I hope it's new
Make your own life up if you want to
Any old life that you think will do
Love yeah, it's nothing new
There's someone much worse off than you are
Help me set them free
Just be what you want to be
What you want to be, yeah
Here's a little song you can all join in with
It's very simple and I hope it's new
Make your own words up if you want to
Any old words that you think will do
Yeah, that's [unverified] to and fro
Oh, it's such fun
