

Engage The Fear Machine

Lamb of God

Here we go again, the world is coming to an end
Engage the fear machine and collect the dividends
That's it, you filthy monkeys
Keep your eyes on the bright and shiny
Just for you, a brand new-and-improved catastrophe
Pure-bred Pavlov, prime time apocalypse
Hit the panic button and reap the bloody benefits
Paranoia writes the checks
Strung out like a marionette
A hole in the sky, a hole in your head
It's business as usual
We're bringing you disaster in high-def
Once again, my friends the world is coming to an end
No empty threat this time, so let the witch hunts begin
The sky is falling, seal the borders, heighten the anxiety
A steady diet of hysteria shapes history
Pure-bred Pavlov, prime time apocalypse
Hit the panic button and reap the bloody benefits
Paranoia writes the checks
Strung out like a marionette
A hole in the sky, a hole in your head
It's business as usual
We're bringing you disaster in high-def
Stream the latest threat from the limelight economists
Fabricated peril from contagion to communists
Fear delivered to your door by racketeers and strategists
Another advertisement war sold by the media terrorists
Paranoia writes the checks
Strung out like a marionette
A hole in the sky, a hole in your head
It's business as usual
We're bringing you disaster in high-def
