Dried Out

Creepoid

Crawl as the vision drought sets in, time is running out.
Search for the missing prize burns out, melts your life away.
We're just breathing to die, down by the water's edge.
Hang your head & cry...
Cut by the water's edge, it falls away.
The birds, they fly away.
I never knew someone as gone as you.
Dried out...
Lifeblood flowing from your veins, crack in the reservoir.
Dust clouds rolling in again, blister the atmosphere.
We've been living a lie, down by the water's edge.
Wring your hands & sigh...
Cut by the water's edge, it falls away.
The birds, they fly away.
The trees, they burn away.
I never knew someone as gone as you.
Dried out...
Show me the real you, shine out before it's gone.
Show me the real you.
Shine out, until it's gone.
