

Superman Tonight

Bon Jovi

There's something about you
I wanna rescue
I don't even know you
So what does that mean Maybe I'm cynical
I'm painfully logical
You're tragic and beautiful
And that's good enough for me You're looking for a hero, but it's just my old tattoo
Tonight I swear I'd sell my soul to be a hero for you Who's gonna save you
When the stars fall from your sky
And who's gonna pull you in
When the tide gets too high
Who's gonna hold you
When you turn out the lights
I won't lie I wish that I
Could be your superman tonight If somebody sent you
An angel to save you
What would you tell him to turn him away That your heart don't break
That your lips don't kiss
That life is just a lie
That heaven don't exist? Who's gonna save you
When the stars fall from your sky
And who's gonna pull you in
When the tide gets too high
Who's gonna hold you
When you turn out the lights
I won't lie I wish that I
Could be your superman tonight Who's gonna fix you
The next time you break down
Stranded alone by the side of the road
It's your baggage that's dragging you down
Don't look back
Let it go Oh, oh Who's gonna save you
When the stars fall from your sky
And who's gonna pull you in
When the tide gets too high
Who's gonna hold you
When you turn out the lights
I won't lie I wish that I
Was that superman Who's gonna save you

When the stars fall from your sky
And who's gonna pull you in
When the tide gets too high
Who's gonna hold you
When you turn out the lights
I won't lie I wish that I
Could be your superman tonight
Woah, woah, woah oh
Woah, woah, woah oh
Woah, woah, woah oh
Woah, woah, woah oh
