# Eternally Yours

## Motionless In White

Blow the bridge to the past, wipe the fingerprints.
Melt your heart encased in wax, steal it with a kiss.
Our fate engraved, scar enslaved, as we mutually destruct.
Repose, my love, I've sinned enough for the both of us.And in the name of love...I'm ready to bury all of my bones,
I'm ready to lie but say I won't.
So tell me your secrets
and join me in pieces
to rot in this garden made of stones,
eternally yours.
Eternally yours.
I feed like you taught me, and selflessly swallow
we now rest in darkness(?)
so selfishly hollow.
We sat in the wreckage(?)
writhing in tempo.
Invisible anguish
casting your shadow.And in the name of love...
I'm ready to bury all of my bones,
I'm ready to lie but say I won't.
So tell me your secrets
and join me in pieces,
to rot in this garden made of stoneseternally yours.
ETERNALLY YOURS!BLEAH
We rest in pieces
Though I know not your name
I would suffer forever to absolve all your pain.
And in the name of love...
I'm ready to bury all of my bones,I'm ready to lie but say I won't.
So tell me your secrets
and join me in pieces
to rot in this garden made of stones.
I'm ready to bleed to make amends
and sleep in this dirt we call our bed.
So tell me your secrets
and join me in pieces
to fall and rewrite the bitter end,
eternally yours.
Eternally yours

Eternally yours, (oh oh oh oh oh oh)Eternally yours, (oh oh oh oh oh oh)
ETERNALLY YOURS!
I'M MORE THAN WILLING
TO ROT IN HELL WITH YOU!!
I'm ready to bury all of my bones,
I'm ready to lie but say I won't.
So tell me your secrets
and join me in pieces
to rot in this garden made of stones.
I'm ready to bleed to make amends
and sleep in this dirt we call our bed.
So tell me your secrets
and join me in pieces
to fall and rewrite the bitter end,
eternally yours.
