What Is Love?

Lea Michele

Done chasing, why you chasing?
Something else
I can't take it anymore
Done lying for the truth to...come out of your mouth
When the answers scream loud
You play the role
I play the lead
We strike a pose
I was too blind to see
This ain't what it seemsWhat is love?
What is love?
When you don't know who you lying next to, to you anymore
What is love?
What is love?
You don't know what love is till you love somebody, bad enough
What is love?
What is love?
What is love?
What is love?
What is love? Love...to youIt's madness, like an earthquake
They chase your soul
Then you're left with all destruction
You're frozen and you don't change
Who's gonna save us now?
Cause I can't stay this way for longYou play the role
I play the lead
We strike a pose
I was too blind to see
This ain't what it seemsWhat is love?
What is love?
When you don't know who you lying next to, to you anymore
What is love?
What is love?
You don't know what love is till you love somebody, bad enough
What is love?
What is love?
What is love?
What is love?
What is love? Love...to youWhat is love?

What is love?
What is love?
What is love?
What is love? Love...to you
