

# Black Cloud

## Flotsam and Jetsam

I've never screwed anyone  
That didn't fuck me  
And I don't climb the branch  
Of another man's tree  
I try not to talk  
Behind the back  
Never enter into thought  
If you're Jew or black  
Always pay what I owe  
Owe what I pay  
Doesn't matter if you're female  
Muslim or gay  
If you're cool to me  
I'll be cool to you  
And if you lie to me  
I won't be straight with you  
I never win the lottery  
Never catch a break  
When I get money back  
You bet it's a mistake  
When I gamble  
I should just throw it away  
I take another hit  
But know I should've stayed  
The green light goes  
To start the race  
But the helmet falls down  
To cover my face  
I spread my wings  
And I'm ready to fly  
And the wind and thunder clouds  
Cover the sky  
Why does all the crap come back on me?  
When does the barrage of bad luck cease?  
How long can the black cloud follow me?  
How much of this can I take?  
Why does all the crap come back on me?  
When does the barrage of bad luck cease?  
How long can the black cloud follow me?

How much of this can I take?  
Why does the black cloud follow me?  
Why does the black cloud follow me?  
Black cloud follow  
When I beat you  
I was just returning serve  
I climbed the ladder once  
When I had nerve  
Run for my life  
But stop to tie my shoe  
When I raped you  
I was just taming the shrew  
There's a paycheck in my name I see  
But I've got no acceptable form of ID  
There's a wall at the end  
Of a broken path  
Add two and two together  
But beware of the math  
There's a place on earth  
Where I feel safe  
But I've never been able  
To find that place  
When I'm high I think  
I've got it figured out  
Yet my performance is filled  
With an aching doubt  
There's a feel in the air  
That I'm going to win  
But the air up here  
Is extremely thin  
There's a storm cloud chasing me  
Wherever I go  
And the only people helping me  
Keep telling me no  
Why does all the crap come back on me?  
When does the barrage of bad luck cease?  
How long can the black cloud follow me?  
How much of this can I take?  
Why does all the crap come back on me?  
When does the barrage of bad luck cease?  
How long can the black cloud follow me?  
How much of this can I take?  
Why does the black cloud follow me?  
Why does the black cloud follow me?  
Black cloud follows

How much of this can I take?  
Why does all the crap come back on me?  
When does the barrage of bad luck cease?  
How long can the black cloud follow me?

How much of this can I take?  
Why does the black cloud follow me?  
Why does the black cloud follow me?

Black cloud follows

Black cloud follows

Black cloud follows

Why does all the crap come back on me?  
When does the barrage of bad luck cease?  
How long can the black cloud follow me?
