

# We the Mighty

## Young Dubliners

Grab A Bag And I'll Meet Ya At The Station  
Pack All Your Songs Of Love And Emigration  
Wave Goodbye, If You Will So Will I  
We'll Step Into The Great Unknown  
We'll Miss The Craic  
But There's No Turning Back  
When We Get There We Won't Be Alone,  
So Let's Go, Let's Go Call Em Up,  
Tell Em We're All Coming Over  
There'll Be No Shamrocks  
And There'll Be No Four Leaf Clover  
It's Just A Party And We're Only Getting Started  
We'll Fix Your Lonely And We'll Fix Your Broken Hearted...  
We The Mighty Same Old Story Just A Different Generation  
A Traveling People, A Familiar Situation.  
We Work So Hard, If We Can Get A Job  
We Know That When The Day Is Done  
We'll Raise A Glass, To The Future And The Past  
We're Singing Till The Morning Sun, So Ride On, Ride On  
Chorus
