

# This Kind of Day

## The Autumn Defense

Like morbid cities that come out only in summer  
I'm suiting up for an ordinary May  
Couldn't find it safer than a primrose led revival  
The whole stupid mess is on its way  
And of all the other people here  
I'd rather be here with you  
Crowds gather 'round until the dust moves in completely  
We'll part with them even though your troubles linger  
The air sweet and pollen grabs you last before you dream  
And of all the little boys and girls  
And of all the other people here  
I'd rather be here with you  
This kind of day won't get you down  
The wind's blowing everything around  
You know it's not the end of the world  
You know it's not the end all, end all  
Under the cover of the sympathetic mover  
I ventured asking what about this is all wrong  
You said: "Be quiet, and enjoy the peaceful weather"  
And of all the little boys and girls  
And of all the other people here  
I'd rather be here with you  
This kind of day won't get you down  
The wind's blowing everything around  
You know it's not the end of the world  
You know it's not the end all, end all  
You know it's not the end of the world  
You know it's not the end all, end all
