Kiss the Cook

That Handsome Devil

Early mornin', before the kids get up for school
With her boyfriend, sittin' in the living room
Daddy don't come around here no more
And momma's cookin' rocks up on the stove
(Kss, kss, kss)
Cookin' rocks up on the stove
(Kss, kss, kss)

Early mornin', before the kids get outta bed
And her boyfriend, been hangin' 'round again
Daddy don't come around here no more
And momma's cookin' rocks up on the stove
(Kss, kss, kss)
Cookin' rocks up on the stove
(Kss, kss, kss)

A little bit of powder, some bakin' soda
The milk's gone bad, the cup's tipped over
Am I gonna do that when I get older?
You kids'll just do what your momma told ya

A little bit of powder, some bakin' soda
The milk's gone bad, the cup's tipped over
Am I gonna do that when I get older?
You kids'll just do what your momma told ya

Daddy don't come around here no more
And momma's cookin' rocks up on the stove
(Kss, kss, kss)
Cookin' rocks up on the stove
