Crazy

Case

I just feel sad when I think of love
And this is the saddest day I'm going through, hmmm
Even though I know, that it's all because of me
I can't believe that you would go away and leave me so lonely
I'm trying to hold my head and live beside of all this pain
I need to feel your touch, your tender kiss
So that I can breathe again
You gotta forgive me if you feel I'm going wrong
But it feels like I'm just going down
And I'm feeling this way too longSometimes I think I'm going crazy
Out of my mind over you
(It's all because of you I don't know what I'm gonna do)
I know that I don't need another lady
Cause deep inside my heart I love youTonight I know for sure what I lost in you
A happy home that's always safe and warm
And maybe a baby or two
Sometimes at night I cry and I can't get no sleep
I pray to Lord my soul to take away
If your love I can't keep
You gotta forgive me if you feel I'm going wrong
But it feels like I'm just going down
And I'm feeling this way too longSometimes I think I'm going crazy
Out of my mind over you
(I don't know what I'm gonna do)
I know that I don't need another lady
Cause deep inside my heart I love you
Sometimes I think I'm going crazy
Out of my mind over you
(I don't know what I'm gonna do)
I know that I don't need another lady
Cause deep inside my heart I love youYou see sometimes I get a little lonely baby late at night baby
I wanna call you baby
Sometimes I feel I'm going down (down)Sometimes I think I'm going crazy
Out of my mind over you
(Who will love me all through the day)
I know that I don't need another lady
Cause deep inside my heart I love youEverybody help me sing
Every now and then
I may not know just when

I'll find a love that will treat me right
Somebody's gonna wreck this lil' heart of mine
And take it from me baby...
