

Those Gurlz

Snoop Dogg

Those gurlz, those gurlz
Those gurlz, they don't mean a thing to me
I was just playin' the game
It was all a fantasy those gurlz I got a call from this ***** the other day
She say she just moved down from The Bay
To L.A. well that's great
We should sit down and talk face to face You bring the barbecue, I got the paper plates
I can't lie girl, I like the way you shake
And when you dance the way you make your booty shake
Give or take, I rate you 'bout an eight Or a nine, okay, fine, you a dime
And them other ***** they gon' wait in line
They hatin' on you how you take away their shine
Rewind, pay attention to the signs I see money when I look you in the eyes
No lie, I love how you stay fly
So fly, send a text and I'll reply
And when you need that good sex, I'm the guy Those gurlz, those gurlz
Those gurlz, those gurlz
Those gurlz, they don't mean a thing to me
I was just playin' the game
It was all a fantasy, those gurlz It was Kim, Dalesa, Vanessa, Rene
I don't love ***** or respect what they say
Hey yeah, that's life
The Pound comin' through, get the F out the way I know it's been a minute but your boy been away
It feels so good, take me back in the day
I hit the studio then back to the stage
The lights come on and the people start to wave Then I seen this girl, she looked me right in the face
Like "I know you remember me and my homegirl Tanay"
We stay downtown in a loft on Santa Fe
And we your number one biggest fans to this day Wait baby girl I'm the great
Bigg Snoop Dogg, you got to bring me up to date
I know a lot of gurlz rock shows in many states
Room 220, bring your friend and some drank Those gurlz, those gurlz
Those gurlz, those gurlz
Those gurlz, they don't mean a thing to me
I was just playin' the game
It was all a fantasy, those gurlz Now where you gonna find a ***** fresh like me *****?
Somebody pass the lighter so I can get this ***** lit
She lookin' at my stones like "Damn, is he rich?"
I'm lookin' at her pose like damn is she thick ***** them other dudes, I'm the man to be with

Fifty million sold, who's bigger than me *****?
Nobody, let me put you on to some G *****
Hop in the Benz, I'll get you higher than ski lifts And then I'm 'bout to beat the cat up like Heath Cliff
Yeah, 'cause all ***** need *****
And if they say they don't they just lyin', they wanna sit
Shotgun in the 500 like she the ***** Uh uh, hold on baby, we the *****
Clear blue skies, dip 'til you're seasick
You're with the one and only
S, yes, N, double, O, P Those gurlz, those gurlz
Those gurlz, those gurlz
Those gurlz, they don't mean a thing to me
I was just playin' the game
It was all a fantasy, those gurlz Those gurlz, those gurlz
Those gurlz, those gurlz
Those gurlz, they don't mean a thing to me
I was just playin' the game
It was all a fantasy, those gurlz
