

# Park Avenue

## Girls Against Boys

Go and check your life span  
Check your life span  
Do like you want  
Do like you want  
Like you want  
Like you want Fuse, the power of now  
The power of never  
Fuse, this is no apocalypse  
Just burn like you don't exist My idea of fun, can I burn with you  
My idea of fun, is out there as anyone Do you still dream  
Do you still dream like me  
Infectious corrupted dream  
Do you still dream Check your life span  
Check your life span  
Do like you want  
Do like you want  
Like you want  
Like you want Fuse, I can't survive  
Without a kick into the soul drive  
Fuse, you got the access  
Dreaming like I don't exist My idea of fun, can I burn with you  
My idea of fun, is out there as anyone  
Way too much fun Do you still dream  
Do you still dream like me  
Brand new involved dream  
Infectious corrupted dream Check your life span  
This is no apocalypse  
It so unwanted burner  
It so unwanted burner Can I burn with you  
Check your life span  
Do like you want  
Do like you want  
Like you want  
Like you want
