

River of Sand

The Greencards

I don't know how I got to this place
Chasing memories I got through the face
On the land like a river of sandEvery time I believed what I heard
Paparazzi's, they fade like the words of a song
Now I know I was wrongSo river of sand will you carry me home
'Cause I don't understand how to make it alone?
Where the water runs free for the sunlight to dance
Just wanna come back on a river of sandWhat's so bad about rain on your town?
All the dew on the ground when the sunrise began
Let it come 'round againI got nothing but time here to kill
No big glance, no true love
Just the 'Will I be thrilled?'
So would you wash me away?So river of sand will you carry me home?
'Cause I don't understand how to make it alone
Where the water runs free for the sunlight to dance
Just wanna come back on a river of sandI don't know what to say so I won't ask
Know the right words to pray my way backSo river of sand will you carry me home?
'Cause I don't understand how to make it alone
Where the water runs free for the sunlight to dance
Just wanna come back on a river of sand
