Candy Kisses

Neil Sedaka

I got them candy kisses on my mindI never met nobody like you
That do all the things that you do
Every night when I go to sleep
Makes my heart skip a beat
By the way that you kiss meAnd ooh, now I see
This is the way that love suppose to be
Me with you, you with me
I don't ever want you to leave 'cuz you give meCandy kisses all over me
(I got them candy kisses on my mind)
Like a kid in a candy store
Always wanna come back for more'Cause he's my now and later on a rainy day
Always seems to take my stress away
He's my sugar daddy, I'm his candy girl
We got the sweetest love in the whole wide worldTake me away to another day
Where I can hear him say
Girl, I can't be without you
No, I can't be without you
Don't ever wanna think about you loving no one else but meAnd ooh, now I see
This is the way that love suppose to be
Me with you, you with me
I don't ever want you to leave 'cuz you give meCandy kisses all over me
(I got them candy kisses on my mind)
Like a kid in a candy store
Always wanna come back for more'Cause he's my now and later on a rainy day
Always seems to take my stress away
He's my sugar daddy, I'm his candy girl
We got the sweetest love in the whole wide worldDay dreaming all the time, candy kisses on my mind
Candy kisses, candy kisses on my mind, on my mind
Day dreaming all the time, candy kisses on my mindAnd ooh, now I see
This is the way that love suppose to be
Me with you, you with me
I don't ever want you to leave 'cuz you give meCandy kisses all over me
(I got them candy kisses on my mind)
Like a kid in a candy store
Always wanna come back for more'Cause he's my now and later on a rainy day
Always seems to take my stress away
He's my sugar daddy, I'm his candy girl
We got the sweetest love in the whole wide world
