

# Here With Me

## REO Speedwagon

Maybe it's too late but this feelin is runnin through my soul  
I think I learned what love is but I'm afraid I let it go  
Maybe it's too late, maybe you've already changed your mind  
Turned lovin into leavin and I'm on the outside  
You can't take these words to bed with you and hold onto them at night  
They can't erase the emptiness and make everything alright  
But your laughter and your tenderness will never disappear  
No matter where you are tonight a part of you is here with me  
Here with me, I don't know where you are, all I know is I need you to be  
Here with me, I know it's not too late, to turn around and get it straight  
It's not fate to have you here with me  
I can hear your voice promising your love will never die  
I can feel your golden skin on mine beneath the desert sky  
So how can it be true, how can you just turn and let me go  
Let the story of your life with mine forever go untold  
I can't take these words to bed with me and hold onto them at night  
They can't erase the emptiness and make everything alright  
Cause your laughter and your tenderness will never disappear  
No matter where you are tonight a part of you is here with me  
Here with me, I don't know where you are, all I know is I need you to be  
Here with me, I know it's not too late, to turn around and get it straight  
It's not fate to have you here with me  
Here with me, I don't know where you are, all I know is I need you to be  
Here with me, I know it's not too late, to turn around and get it straight  
It's not fate to have you here with me
