An Invitation (Zetandel Chill Mix)

Lena Katina

You want it, I know it
Heart's beating
That's for certain
Pay attention
Don't overthink it
Find your way in through the doorGet ready
I'll show you
What is behind that curtain
Deepest darkest
Yes I promise
You will be asking me forMore than you can handle
You gotta go with what you feel
It's an adventure to remember
It's undeniably unrealI'll invite you to my world
Step inside now
Tonight I'm gonna be your girl
Let me show you how
To open up and let it fly
Catch the sunrise in my eyes
I'll invite you to my world, my worldIt's getting heated
Remain seated
This is something
You can't ignore it
I will tell you
My dirty secrets
But let me tease you just a littleMore than you can handle
You gotta go with what you feel
A situation to remember
It's unbelievably unrealI'll invite you to my world
Step inside now
Tonight I'm gonna be your girl
Let me show you how
To open up and let it fly
Catch the sunrise in my eyes
I'll invite you to my world, my worldStep inside make your mind up
Come and go with me
(And I can show you why)
Step inside make your mind up
Come and go with me

(I'll overthrow your mind)
Step inside make your mind up
Come and go with me
(Just come across the line)I'll be your guideI'll invite you to my world
Step inside now
Tonight I'm gonna be your girl
Let me show you how
To open up and let it fly
Catch the sunrise in my eyes
I'll invite you to my world, my world
