

# Freedom Reigns

## Julius Magan

Where the spirit of the Lord is  
    There is freedom  
Where the spirit of the Lord is  
    There is freedom  
    Lift your eyes to heaven  
There is freedom, lift your eyes  
    Lift your eyes to heaven  
    There is freedom  
    Freedom reigns in this place  
    Showers of mercy and grace  
        Falling on every face  
        There is freedom  
        If you're tired and thirsty  
        There is freedom, yeah  
        If you're tired and thirsty  
        There is freedom  
    Give your all to Jesus, give Him all  
        There is freedom, oh  
        Give your all to Jesus  
        There is freedom, yeah  
        Freedom reigns in this place  
        Showers of mercy and grace  
            Falling on every face  
            There is freedom  
            'Cause Jesus reigns, yes  
            Jesus reigns in this place  
            Showers of mercy and grace  
                Falling on every face  
                There is freedom, oh, yeah  
    Oh, yes, freedom reigns in this place  
        Showers of mercy and grace  
            Falling on every face  
            There is freedom  
  
        Jesus, my Jesus  
        My Jesus reigns in this place  
        Showers of mercy and grace  
            Falling on every face  
            There is freedom, yeah, yeah

Feel the change fall away  
Feel the heaviness float away  
'Cause Jesus reigns  
Where the spirit of the Lord is  
There is freedom, there is freedom  
There is freedom, yeah, yeah, yes  
    Oh, Jesus, yeah  
You reign, You reign, oh, my God  
    Great is Your faithfulness  
    Great is Your faithfulness  
    Great is Your faithfulness  
    Oh, God, to this generation  
On my life, on my life, great is Your faithfulness  
    Great is Your faithfulness  
    We proclaim tonight  
    Great is Your faithfulness, God  
    Great is Your faithfulness  
    Oh, yeah, yeah, oh, yes  
    Freedom reigns in this place  
    Showers of mercy and grace  
    Falling on every, every single face  
        There is freedom  
        All the grace I need, Jesus  
    Oh, my Jesus reigns in this place  
        Showers of mercy and grace  
        Falling on every face  
        There is freedom
