So Let's go for a driveJay Park - DRIVE English Translation
When nothing seems to go right
When stress comes up to your shoulders
When I see you, my heart becomes at peace
All of my worries and thoughts just disappear
Get into the car
Let's get some air
Don't eat and just come
I'll do everything for you
So Let's go for a drive

Oh yeah girl, my body is struggling
Oh yeah girl, my heart is struggling
The only thing that can heal this is
Only you, girl, only you
I'll go get you girl around evening time
Whenever I needed someone
You was always there fa sho
If I'm Jay-Z, you're my Beyonce
Together we can run the world
Which car should I pick you up in?
Take the Foreign
Next to me is your seat
Until I can take you in a private jet
It's all for me and you I'm a keep on hustling
When nothing seems to go right
When stress comes up to your shoulders
When I see you, my heart becomes at peace
All of my worries and thoughts just disappear
Get into the car
Let's get some air
Don't eat and just come
I'll do everything for you
So Let's go for a drive
We worked hard
So today, let's go somewhere
Me and you
Girl, I'll show you the world
A global couple like Victoria and Beckham
You know me, you can get your hopes up
100 out of 100, I'll try girl
No matter what I'll always be there you superman
I'll always protect you baby
You can't ever get lost, I'm yo GPS girl
I'll go anywhere with you cause you are so special
Let's move to the next level, on to the next level
Put away your worries, it'll be our eternal vacation
When nothing seems to go right
When stress comes up to your shoulders
When I see you, my heart becomes at peace
All of my worries and thoughts just disappear
Get into the car
Let's get some air
Don't eat and just come
I'll do everything for you
So Let's go for a drive

Let's go for a drive
Let's go for a drive baby
In this foreign car baby
All night long
Let's go for a drive
Let's go for a drive baby
You're the only one that I want, my girl
I'm not a CEO
But I got a lot of money
So Let's make a video
I wanna enjoy a oceanside highway
Baby, are you gonna stay the night
When nothing seems to go right
When stress comes up to your shoulders
When I see you, my heart becomes at peace
All of my worries and thoughts just disappear
Get into the car
Let's get some air
Don't eat and just come
I'll do everything for you
So Let's go for a drive
