Run

Day of Fire

The race is running a pace thats quicker
The clock's tick ticking against
The world keeps turning, this house is on fire
Wont catch me sleepwalking againRunning said, "Im running, Im running
Im coming at you gunning", running, said, "Im running against"
Running said, "Im running, Im running
Im coming at you gunning", running said, "Im running against"Awake and running, the distance quicker
This road is nearing the end
The wheels keeps turning, this heart is on fire
Im burning up high speed when I winRunning said, "Im running, Im running
Im coming at you gunning", running, said, "Im running against"
Running said, "Im running, Im running
Im coming at you gunning", running said, "Im running against"I said, "Im running, Im running
Im coming at you gunning", running, said, "Im running against"
Running said, "Im running, Im running
Im coming at you gunning", running said, "Im running against"Running said, "Im running, Im running
Im coming at you gunning", running, said, "Im running against"
Running said, "Im running, Im running
Im coming at you gunning", running said, "Im running against"Running said, "Im running, Im running
Im coming at you gunning", running, said, "Im running against"
Running said, "Im running, Im running
Im coming at you gunning", running said, "Im running against"
