

# Arise, Watch

## Buffalo Tom

Ill see you at the kissing gate  
I got something that cant waitOh my soul!  
(Awake and take the road)

Arise, watch!  
(Fools will sink low)

Oh my soul  
(take the right path)

Arise, watch!I like your strawberry hair  
And your ivory stareOh my soul!  
(Awake and take the road)

Arise, watch!  
(Fools will sink low)

Oh my soul  
(take the right path)

Arise, watch!Waiting waiting  
(for the drugs to take affect)

Waiting waiting  
(loose that noose around my neck)

Ive been Waiting waiting  
(a man will beg his brother please)

Waiting waiting  
(For pint of patience please)I saw you at the kissing gate  
Tear-stained swollen face  
(chorus)
