

B Boy (feat. Big Sean & A\$AP Ferg)

Meek Mill

All that ass, Lord have mercy
All that champagne, these bitches thirsty
Verserchy, no hold up, I meant Versace
I prolly pull up Roberto over Cavalli
Puffin' on Cali, prolly out in the valley
Sippin' on something drowsey
Bitches twerkin' like Miley
Twerk, twerk for a real nigga sellin' work
Promise I won't tell a word
I been on that trill shit, way back
North Philly nigga, but I'm laid back
Get shot in your head drivin' your Maybach
Homey D Clown know I don't play that
Sippin' dirty, riding dirty, I say hi to thirty
Call your dog, I call my dawg and he'll buy a birdy
Try to school me, I'm getting out here early
Dope dealer, Puma life, back of this soccer jersey
Mink draggin', tell PETA I'm swaggin'
All these karats like I'm tryna lure in a rabbit
Just to put it, on my jacket
What you doin? I'm doin' fashion
Okay, I walk with a limp and I talk with a slur
I might wear every single chain and mix it up with my fur
I might get every single drink and mix it up til I blur
I tell the bitch get on my lap, but don't you get on my nerves
I need that bag full of green like I lawn mow it
John Doe and all Sean Doe it
And I keep it G, yeah, I ground floor it
And I'm pound blowin'
If her pussy good then I might one, two, three, round four it
Got her down for it
Yeah, nigga overthink, never under stress
Yeah, I understand, your girl over, I'm so unimpressed
Yeah, and she tryna fuck me raw, unprotect
But if I don't have that rubber on it I feel underdressed
Yeah, and I got money bags under my eyes, ho, cause I ain't sleep
They all Goyard too cause I ain't cheap
Finally Famous, Aura Gold is my I-N-C
And I put everything in motion like I-N-G
And when we flyin' private you could bring the gun on with us

I got this freak to 3rd base, she tryna run home with us
And I got comma on comma on comma on comma, on comma
And I ain't talking about no run on sentence
Yeah, nigga hot headed so I need that Chings Chili
Put my P up on her head like that bitch is reppin' Philly
And I wheelie in that pussy like my nigga Meek Milly
On my way to meet millis
Lawyer drafting up the deep deep dealies
I got rich decided that ain't rich enough
When I did it big, bitch, I decided that ain't big enough
Dead Pres, who you diggin up?
Who that nigga that you hating on, but just can't get enough?
Fuck, the jig is up, little bitch I'm like Madoff when I made off, scheming on niggas' payoff
I never take a day off, your stash is short like Adolf, Hitler
You should lay off on the gangsta talk cause you're fake, dog
You never pushed no yay, dawg, ain't see no keys like Ray Charles
Me and Meek in the Maybach, we get Wale and take off
We got your bitch in a big house, she walk in hype like "Hey, Ross"
Get money, Dreamchasers, we ballin' hard like the Lakers
You ballin'? Nah, you a faker, you prolly catchin' a fader
I'm at your house on the hill, I fucked your girl and your neighbor
You thinkin' Khloe don't know me, I'm in the car dashin' haters
I'm in the Kardashian, get it? I'm lyin', can't I pretend?
They say fake it 'til you make it, well, let the fakin' begin
I got a bitch with fake titties, fake ass, she all in the Benz
Them titties'll prolly fall like a ball when she bends
My niggas from Harlem and Philly all get it in
Your bitch come around and we fuckin' her and her friends
Get money, Dreamchasers, we ballin' hard like the Lakers
You ballin'? Nah you a faker, you prolly catchin' a fader
Come get with the Dreamchasers, we ballin' hard like the Lakers
You ballin'? Nah you a faker, you prolly catchin' a fader
I'm at your house on the hill, I fucked your girl and your neighbor
