Sweet Somebody

Shannon

Hey there, I've been watching you
Sittin' there against the wall
Say there, I don't know what you're doing
But you're not having fun at allI can tell you're feelin' down
'Cause you show no reaction
And everybody's in the groove
(Everybody)
But you're not helping things at all
Sitting there afraid to move
(Afraid to move)Gotta get up when you're feelin' down and go meet somebody
'Cause all you need to turn things around is a sweet somebody
Gotta get up when you're feelin' down, go meet somebody
'Cause all you need to turn things around is a sweet somebody
(Sweet somebody, gotta get up)Hey boy, I know how you feel
Sitting there all by yourself
But say, boy, your heart will never heal
Until you find somebody elseLet whoever broke your heart
Fade into the past and give tonight another try
(Give tonight and try)
This could be a brand new start
Don't you let it pass you by
(Pass you by)Gotta get up when you're feelin' down, go meet somebody
'Cause all you need to turn things around is a sweet somebody
Gotta get up when you're feelin' down, go meet somebody
'Cause all you need to turn things around is a sweet somebody
(Sweet somebody, gotta get up)Gotta get up when you're feelin' down, go meet somebody
'Cause all you need to turn things around is a sweet somebody
Gotta get up when you're feelin' down, go meet somebody
(Meet somebody)
'Cause all you need to turn things around is a sweet somebody
(Gotta get up)
Sweet somebody
(Gotta get up)
Sweet somebodyGotta get up when you're feelin' down, go meet somebody
(Meet somebody)
'Cause all you need to turn things around is a sweet somebody
Gotta get up when you're feelin' down, go meet somebody
(Meet somebody)
'Cause all you need to turn things around is a sweet somebodyGotta get up, gotta get up, gotta get up
