

# You And Only You

## We The Kings

every single day i wake  
i just cant wait to ee your face  
are you looking back at me  
and every moment that goes by  
i am waiting for the sun  
think of you and im alright  
did you think of me tonight  
you and only you  
you make my heart feel like your pulling every string  
you and only you  
you make me drop down to my knees and give this ring  
my everything  
baby once upon a time  
there was a million stars of light  
now you're the only light i see  
and i dont care which way we go

teach me everything you know  
everything a love should be  
so baby just believe  
you and only you  
you make my heart feel like your pulling every string  
you and only you  
you make me drop down to my knees and give this ring  
my everything  
dont be alone  
cause hen you're far away  
a houe a memory  
say you'll come back home  
for me, for good  
you and only you  
you make my heart feel like your pulling every string  
you and only you  
you make me drop down to my knees and give this ring  
my everything
