

# Wait Any Longer

## Balthazar

When did all the streets get so empty  
and when did all the music die on me  
where have all the women gone this time  
I need to find the right direction or a sign  
cause I can't wait any longer  
for the spoken word  
before it reaches us, well  
we'll get overheard  
by the man that sings  
by the men he brings  
can't keep lingering  
tell me where to sin  
when did all the streets lose their sound  
before the day breaks got to get up my feet  
flee this town  
cause I can't wait any longer  
for the spoken word  
before it reaches us, well  
we'll get overheard  
by the wicked twins  
by the blue eyed kings  
can't keep lingering  
tell me where to sin  
cause I can't wait any longer  
for the spoken word  
before it reaches us, well  
we'll get overheard  
by the fool that wins  
by the man that swings  
can't keep lingering  
tell me where to sin  
by the man that sings  
by the men he brings  
can't keep lingering  
tell me where to sin
