Brand New Day

Andy Caldwell

Ahhh...Ohh ohhh ohhh
Ahhh...Ohh ohhh ohhh

"Baby I been feelin' like
I need a change...
I need to change.

Cuz I've been trying way to hard
in this game
I take the blame.

Seems so many people think they have to settle for less
then what their worth.
Holdin' on to types of how we think it has to be
but that never works.

Lately at night
I get a feelin' in myself
don't turn out the light
I want to listen to it
girl you were right
throwing caution to the wind
I'm givin' up the fight
I'm doin' it tonight.

.....Just got to let it go,
and I know that I'll find my way
I want to let you know,
I feel like a Brand New Day.
(Repeat)

I feel alright as I look at my life now
Cuz I am doin' the best I can
Butterflies have got me all tied up
But I know I am going to make it mine

Lately at night
I get a feelin' in myself
don't turn out the light
I want to listen to it

girl you were right
throwing caution to the wind
I'm givin' up the fight
I'm doin' it tonight.

.....Just got to let it go,
and I know that I'll find my way
I want to let you know,
I feel like a Brand New Day."
(Repeat)

Ahh...Ohhh Ohhh Ohhh
Ahh...Ohhh Ohhh Ohhh

.....Just got to let it go,
and I know that I'll find my way
i want to let you know,
I feel like a Brand New Day.
(Repeat)

Just got to let it go
I want to let you know
I feel like a Brand New day.
