

All Mixed Up

The Cars

She shadows me in the mirror
She never leaves on the light
And some things that I say to her
They just don't seem to bite It's all mixed up
It's all mixed up
It's all mixed up She tricks me into thinkin'
I can't believe my eyes
I wait for her forever
She never does arrive, don't you know? It's all mixed up
It gets all mixed up
It's all mixed up She says to leave it to me
(Leave it to me)
Everything'll be alright
(Be alright)
If you leave it to me
(Leave it to me)
Everything'll be alright She's always out makin' pictures
She's always out makin' scenes
And she's always out the window
When it comes to makin' dreams, don't you know? It's all mixed up
It's all mixed up
It's all mixed up She says to leave it to me
(Leave it to me)
Everything'll be alright
(Be alright)
If you just leave it to me
(Leave it to me)
Everything'll be alright, be alright
(Be alright) If you just leave it to me
(Be alright)
Everything'll be alright
(Be alright)
If you leave it to me
(Be alright)
Everything'll be alright, be alright
(Be alright) If you leave it to me
(Alright)
Everything'll be alright
(Alright)

If you leave it to me
(Alright)
