

River Is Waiting

Irma Thomas

The river is waiting
Come rise up
A new day is coming
Come rise up Well be sailing at first light
Come gather
Set our course for the crossing
Together Sail on, sail on
River sail on
Sail on, sail on
River sail on The river is waiting
I'm ready
To slip from this island
I'm ready Gonna leave all my sorrows
Behind me
Lift my face to the new day
Im rising Oh, sail on, sail on
River sail on
Sail on, sail on
River sail on Sail on, sail on
River sail on
Sail on, sail on
River sail on Sail on, sail on
River sail on
Sail on, sail on
River sail on Sail on, sail on
River sail on
Sail on, sail on
River sail on Sail on, sail on
