

# In2 (Remix) [feat. Kehlani]

WSTRN

[Chorus: Haile]

Woo, Uh

I'm zi my zone

You'd be lying if you said I wasn't something that you're into, into (yeah)

Don't be stuntin' in front of your friends, you know what I'm into, into

Don't need to hide it, you could be mine let's take it slow

Man he's a hater, I'll let it slide, I came for you

You'd be lying if you said I wasn't something that you're into, into

Don't be stuntin' in front of your friends, you know what I'm into, into

Don't need to hide it, you could be mine let's take it slow

Man he's a hater, I'll let it slide, I came for you [Verse 1: Akelle]

Oh yeah, when I was in a party it was on me

I remember it all, it was last week

When I stepped in it was half three

Hennessy did spill on your Jeans (get the cleaner)

Do you remember asking me what I'm into?

I replied "music baby, follow my Insta"

Show you what I'm into, deep's what I'm into

All of you two-faced friends, yeah, I've been through

You'd be lying if you said I wasn't something that you're into

(Just tell me the truth girl)

You lying to yourself, I told you my name is Akelle

Been in and out girls, must be able to tell

I've been dying for the chance to tell you I'm into you

(Just tell me the truth girl)

Just tell me you like me (tell me you like me)

Tell me you want me, yeah, yeah! [Chorus: Haile]

You'd be lying if you said I wasn't something that you're into, into

(yeah)

Don't be stuntin' in front of your friends, you know what I'm into, into

Don't need to hide it, you could be mine let's take it slow

Man he's a hater, I'll let it slide, I came for you

You'd be lying if you said I wasn't something that you're into, into

Don't be stuntin' in front of your friends, you know what I'm into, into

Don't need to hide it, you could be mine let's take it slow

Man he's a hater, I'll let it slide, I came for you [Verse 2: Louis Rei]

Listen

You'd be lying if you said I wasn't something you was into

Mama warned you about this shit too

Bet she did  
Never been one for them to settle with  
Cellophane, wrapping it up as soon as I get with it  
Menacing, men have seen all the crud that I'm steppin' with  
Celebrate, what are these words? Not comprehending it  
Ending it, mashing the works, that's where your belly get  
Trembling, baby you ready, that's how I end 'em[Bridge: Louis Rei & Haile]  
You'd stuntin' in front of your friends, you know what I'm into (into),  
into, (into)  
Call me domino, follow it, baby girl that's what your kid do (kid do)  
So won't you take a stroll with me, girl? (me girl)  
No stress off this, hold me girl  
Cause I can make you scream (I can make you scream)  
Just put your trust in me[Chorus: Haile]  
You'd be lying if you said I wasn't something that you're into, into  
(yeah)  
Don't be stuntin' in front of your friends, you know what I'm into, into  
Don't need to hide it, you could be mine let's take it slow  
Man he's a hater, I'll let it slide, I came for you  
You'd be lying if you said I wasn't something that you're into, into  
Don't be stuntin' in front of your friends, you know what I'm into, into  
Don't need to hide it, you could be mine let's take it slow  
Man he's a hater, I'll let it slide, I came for you[Outro: Haile]  
We riding, it's time I decided  
Forget all the pride  
You're in for a surprising  
We riding, it's time I decided
