Don't You Want It

The White Buffalo

Tell me, where the hell did I go wrong
It feels like a lifetime ago since my fall from grace
Woman, treat me like you want it
Not like you have to, to keep me around
Woman, without you there is no me
And I'll always be your one, you're my everythingAah, well here comes the morning sun
Puts its arms around everyone
Can you feel it?Aah, oh like the first of spring
Make us all new again
Oh, don't you want it
Like I want it?Mother, when did you let me go
I'm still that dastardly boy
Through a sea of gray
Father, well I still don't know who failed who
But we've got the same bitter blood
Running through our veinsAah, well here comes the morning sun
Puts its arms around everyone
Oh, can you feel it?Aah, oh like the first of spring
Make us all new again
Oh, don't you want it
Like I want it?Tell me, are there really any answers?
The only thing real is love in this crooked worldAah, well here comes the morning sun
Puts its arms around everyoneAah, oh if the love you bring
Take away everything
Oh, can you feel it?Aah, oh like the first of spring
Make us all new again
Oh, don't you want it
Like I want it?
