

# Local News

## The Neurotics

All local news, all local news, all local news  
All local news, all local news, all local news  
All local news, all local news, all local news  
All local news, all local news, all local news

A little thing I tried to keep secret was published today  
It's funny how a local paper can change the way people behave  
The neighbours don't talk to me  
Net-curtain people had a conference in the street  
You should hear the gossip that goes 'round  
When one's not present, they run them into the ground  
With quivering lips and spiteful tongues  
Aimed at absolutely anyone

Monday morning I got into work and my foremen come up to me  
He said "I'd like to see you in my office round about quarter to three"  
I guessed it, my job had gone  
Over a column only two inches long  
"We can't afford to keep you on, now you've broke the law"  
"It's not what our company stands for"  
But the company car will still be cleaned  
By someone else on a training scheme  
Don't get in your local news

Remember the night you cried over the telephone  
It was your sixteenth birthday but I'm not allowed in your home  
The finger's not pointing it's prodding  
And I've just about had enough of your local news

All local news, all local news, all local news  
All local news, all local news, all local news  
All local news, all local news, all local news  
All local news, all local news, all local  
Woah-oh-oh-oh-oh, woah-oh-oh-oh-oh

Remember the night you cried over the telephone  
It was your sixteenth birthday but I'm not allowed in your home  
The finger's not pointing it's prodding  
And I've just about had enough of your local news

Saw an old teacher the other day, he said "I read what you've done"  
He said "I always thought you'd never change  
I always knew one day you'd get done"  
Self-righteous hypocrite, it's more like you who hasn't changed  
A racist school teacher, teaching and feeding ignorance and hate  
And how many minds have you poisoned in the years since Iâ€™ve left that school?

Don't get in your local news  
Your local news
