Hurtsome Body

Leon Russell

When I first saw you down in Tennessee
I knew you were the only girl for me
And when you sang your song it made me happy (yes it did)But you took my money and you took my old car
And you ran straight into my best friend's arms
And I just want to ask you darlingHow can you hurt somebody, hurt somebody like me
How can you hurt somebody, hurt somebody like me
Now I'm alone in England and I'm thinkin' of how it used to beWe never did so well down in Hollywood
But mama I treated you just as good as I could
And I still love ya, won't you tell meHow can you hurt somebody, hurt somebody like me
How can you hurt somebody, hurt somebody like me
Now I'm alone in England and I'm thinkin' about how it used to beWhoa, I still love ya darling, won't you tell meHow can you hurt somebody, hurt somebody like me
How can you hurt somebody, hurt somebody like me
How can you hurt somebody, hurt somebody like me
