

# Slow Down, Love

## Sharon Jones and the Dap-Kings

Slow down love  
I can't pick up on your  
Put it down  
Your words fall all around me  
Seen 'em laying here on the ground  
Don't be cross with me baby  
If I leave them there for the birds  
Slow down love and come closer  
Your kiss can tell me more than words  
Not much time remaining  
Let's not spend it explaining  
One more  
Slow down love  
I've been waiting so long to see you  
All alone  
There ain't nothing left to say now  
You can't save tomorrow on the phone  
Our time is fleeting yes I know  
But baby that's no cause to rush  
Slow down love  
And come closer  
The time has come for you to hush  
Not much time remaining  
Let's not spend it explaining  
Slow down love
