

# Pretty Things

## Leann Rimes

Mama's high heels, cherry lipstick  
And a goodwill dress  
Play pretending, danced for the mirror  
A fairytale princess  
Pretty things are yours to hold  
My pretty thing, soon you will know  
Pretty things you think you need  
But that won't make it beautiful  
Pretty things will rob you blind  
Pretty things will fade in time  
It's what's inside that makes you shine  
My pretty thing  
It's only natural, the table's turning  
And gracefully I'll learn  
How to cradle the one who raised me  
Will be too fragile for this world  
Oh, pretty things are yours to hold  
My pretty thing, soon you will know  
That pretty things you think you need  
But that won't make it beautiful  
Pretty things will rob you blind  
Pretty things will fade in time  
It's what's inside that makes you shine  
My pretty thing  
Selfless and faithful  
As good as you should be  
Open and fearless  
Oh, what a gift you gave me  
Oh, pretty things are yours to hold  
My pretty thing soon you will know  
Pretty things, you think you need  
But that won't make it beautiful  
Pretty things will rob you blind  
Pretty things will fade in time  
What lives inside of you still shines  
My pretty thing, my pretty thing, pretty thing
