

# Dead Memory

## Fit for a King

Yeah! Fifteen years since you walked away  
No goodbyes, no apologies  
What's a kid supposed to do  
When He dies inside  
What's a heart supposed to do  
When you've bled it dry I won't let you in! This is the last time I put my trust in anyone  
This is the last time I sit back for you  
This is the last time I put my trust in you Would you even notice if my world was falling apart?  
Would you even care if my heart stopped beating, my heart stopped beating? I chose to make amends to let you  
back in  
But you did what you did once again  
I chose love in a moment of death  
And this is how you repay me?  
Ripping trust away  
I will let you rot, waste away  
Return to the ground for heaven's sake  
And now you will know my misery Your tongue tells lies  
Your eyes deceive  
Your touch, poisonous  
You're nothing to me Would you even notice if my world was falling apart?  
Would you even care if my heart stopped beating, my heart stopped beating?  
Would you even notice? Would you even notice?  
Would you even care, would you even care  
Would you even notice if my heart stopped beating, my heart stopped?  
Would you even notice if my world was falling apart?  
Would you even care if my heart stopped beating, my heart stopped beating?
