Anywhere U.s.a.

Jason Michael Carroll

Yeah!
Let's go!
Half a dozen cars at the parking lot strip mall
Sitting on the hood, yeah, getting on the hee haw
Hear 'em out prowling growling through the streets
Straight type heartbeat thumping, pumping, jumping at the red light
East, west, north, south, city, street or rural
Everybody knows what I'm talking about, talking about
Non-stop nine O'clock Saturday, hey
Yeah, anywhere in USA, yeah, anywhere in USA, yeah
Pretty little teen queen out past her curfew
With painted on blue jeans and powdered puffed subaroo
Escobar and Rico, shaven magnifico
High rise, low rise, bouncing to the beat, yo
East, west, north, south, city, street or rural
Everybody knows what I'm talking about, talking about
Non-stop nine O'clock Saturday, hey
Anywhere in USA, yeah, anywhere in USA, yeah
Anywhere in USA
Tiny tots farm boys, city slickers making noise
20 inch spinners on the shattered cars, shinning toys
Boston, Austin, Chatanooga airways
Anywhere in USA, yeah, anywhere in USA, yeah
Anywhere in USA, yeah, anywhere in USA, yeah
