## Warrant

. says nowhere to go,  
Hot as the dessert, she stings like a rose.  
Waiting for someone to get her that text,  
Protection, the friction, so good in a text.  
Dance with the devil and shes in control,  
Give her the chance and shell burn thorough your soul.  
Faster and faster we head by disaster  
Theres no slowing down till we fail!

Chorus:

Now Im busy like a freight train,  
Tired of being insane!  
Money I dont care,  
Come on you, I want more, and more, and more!  
She got me wrapped around like a  
Nothing outside of this room means a thing.  
Every last touch chosen for more,  
Too late for leaving when locking the door.  
Dance with the devil and shes in control,  
Give her the chance and shell burn thorough your soul.  
Faster and faster we head by disaster  
Theres no slowing down till we fail!

Man busy like a freight train,  
Tired of being insane!  
Money I dont care,  
Come on, I want more, and more and more!

Chorus:

Faster and faster we head by disaster  
Theres no slowing down,  
Tired of being insane!  
Money I dont care,  
Come on, I want more, and more and more!
