Northern Storm

Mortification

Chorus 1
Northern Storm, invading the heart of my mind
Northern Storm, changing the mind of my heart
Power from on high, nothing compares with this awesome force
You must decide to never reject this powerful name
The thunder strikes, the chords of your heart feel the joy
The reign begins, how can anyone not love His ways
Chorus 2
Northern Storm, piercing the ways of my soul
Northern Storm, directing the soul of my ways
Inflicting with power, my soul is possessed in a moment
Total control, noone can take this peace away
Mental persuation, Jesus Christ the reign has begun
Throne of my heart, called and chosen for this day
Bridge
Invasion of my mind
The storm cloud builds overhead
Do not deny the Power of the storm to revive
Chorus 1 repeat
How can you feel the reign of the storm if you deny
Look to the wind, the king of all who strikes with Power
The storm is a fire, invading those with a heart of belief
Nothing will come, only the reborn bath in the force
Bridge repeat
The Power, to revive, The Power, to revive, The Power
