

Main Chick (Reid Stefan Mix)

Kid Ink

I don't know your name
But you've heard my name
I know why you came tryna get that, name
But you've heard my name
Girl I know you wanna be my main chick
My main chick
I said fuck whoever you came with
Who you came with, I told her "fuck that nigga" Sitting in the back of the club
Table got a rope in the front (I don't know ya)
Uh, you looking real familiar
I could just be a lil' drunk, I don't know your name
It's a goddamn shame
I don't know how to explain it for ya
But girl, I'm just saying,
If you got a man back home, I don't know him
What, just keep it on the hush
Pocket full of trees, don't beat around the bush
Walking on green, I can even hear the putt
K.O shawty when I hit her with a punchline
Get a couple shots when it's crunch time
Ducking from my ex like the one time
Throw a sign when you really tryna go
Got the car parked right at the door I don't know your name
But you've heard my name
I know why you came tryna get that, name
But you've heard my name
Girl I know you wanna be my main chick
My main chick
I said fuck whoever you came with
Who you came with, I told her "fuck that nigga" Nah, and you don't know my name
Just in case you' the Feds (I don't know ya)
Uh I mighta poured you a drink
But don't let it go to your head, I know why you
Came, tryna be my main chick
Passenger side when I lane switch
Top back, two seats only
Ain't no room for your friends, I don't know them
We just seizing the moment
Up all night, throw a deuce to the morning

Fly ma'fucka, everything is imported
Don't try to act too important, I know your game
You got a gang of niggas
All over you but you all over here
On me
Girl, I ain't tryna dog ya
Bad bitch only thing I'll call you I don't know your name
But you've heard my name
I know why you came tryna get that, name
But you've heard my name
Girl I know you wanna be my main chick
My main chick
I said fuck whoever you came with
Who you came with ('cause you my main) I told her "fuck that nigga" Nigga, why you playin'?
You heard my name
I know why you came, she gon' gimme that brain
So we can do our thang
Let's do that thang
What, you thinkin' 'bout me takin' you down yeah
I can be your man when he's not around yeah I don't know your name
But you've heard my name
I know why you came tryna get that, name
But you've heard my name
Girl I know you wanna be my main chick
My main chick
I said fuck whoever you came with
Who you came with, I told her "fuck that nigga"
