

# Message to the Universe (Message to Love)

**Jimi Hendrix**

One, two, one, two, three Well I travel at the speed unknown to man  
So I bring you a message from the mirrors of my hand  
I said a message of love don't you hide away  
Face the mirrors of your mind  
Face the truth today Well I am what I am thank god  
Lord some people just don't understand  
Help them god  
I said find yourself first  
And then your tool  
Find yourself first  
Just don't be no fool I see a woman comin'  
I see ya layin' on your back  
For the birth of pleasure  
I see you on the right track  
Free is free  
You ain't supposed to be  
Now don't rely on no man  
Try to argue instead  
I said find yourself first  
And then your talent  
Work hard in your mind  
Go come alive  
And prove to the man  
You as strong as him  
In the eyes of god
