

# Dying in Mt. Sinai

## Patent Pending

I'm leaving you this message  
to let you know that nothing has changed  
you're still a disappointment  
I'm leaving you this message  
to let you know that I'm not surprised  
And anything that I've ever said  
that was complimentary about your personality  
I'm taking it back, taking it back  
taking it back, taking it back  
cause i finally know the real you  
and i know just what you do  
Jack and Kill went up a hill  
I was starring starring starring  
from my windowsill  
I watched you  
you were cheating all game long  
so now I'm taking it back, taking it back  
taking it back, taking it back  
all the love i have you  
cause i know just what goes on

Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
